

September 2, 2020

Dear Families,

Safer Visitation continues and we have settled into the new process well. Residents are thrilled to have visitors and we appreciate all you are doing to help us stay safe and make visits possible. If you are coming from out-of-state, please let us know ahead of time. We are not allowing visits from some locations at this time due to high COVID-19 activity.

Please also keep in mind the following:

- Per Winnebago Public Health homemade food is not permitted at this time
- Please drop all groceries and care packages at door 1 for sanitization, do not deliver items when visiting
- Please be aware of situations away from Evergreen such as large group events that may put you at risk and consider not visiting for 14 days if appropriate
- Wearing masks by both resident and visitor is required during visits
- No pets are allowed at this time
- Staff must escort you to and from your visit
- If a designee is no longer able visit, please contact Stacey Lichtensteiger
- Visits must be contained to designated areas
- Policies and procedures may change as the state numbers fluctuate

Thank you for continuing to trust us with the care of your loved one.

Stay well,

Stacey Lichtensteiger  
Assisted Living Manager
