

October 8, 2020

Dear Families,

Seven staff members on the Evergreen campus have tested positive for COVID-19. Five people are currently under quarantine at home. Two people have recovered and have been cleared to return to work. We continue to follow guidance issued by public health and the CDC to safely manage the situation. Individuals who have come into contact with a person who tested positive have been notified.

Another round of resident testing was completed in the Health Center and all results were negative. Ongoing testing will continue per state guidelines.

Staff will continue to complete symptom screening before each shift and we are following state guidance for on-going testing. Staff impacted by COVID-19 are following quarantine guidelines and will return to work when they are cleared by Evergreen's Infection Control Preventionist and Employee Health Nurse.

Due to these positive test results, all visitation remains suspended until further notice.

For more information regarding Evergreen's COVID-19 response, please visit our website at www.EvergreenOshkosh.com. Thank you for continuing to trust us with the care of your loved one.

Stay well,

Peggy Bellin
Vice President Health and Support Services
