

October 29, 2020

Dear Families,

Currently, five staff members on the Evergreen campus have tested positive for COVID-19. Four people are currently under quarantine at home and one other has recovered and has been cleared to return to work by Evergreen's Infection Control Preventionist and Employee Health Nurse. We continue to follow guidance issued by public health and the CDC to safely manage the situation. Individuals who have come into contact with a person who tested positive have been notified. Staff will continue to complete symptom screening before each shift and we are following state guidance for on-going testing.

Ongoing resident testing will continue if symptoms arise or per state guidelines; there are no known cases of COVID-19 among our residents at this time.

Visitation in the health center remains suspended.

For more information regarding Evergreen's COVID-19 response, please visit our website at [www.EvergreenOshkosh.com](http://www.EvergreenOshkosh.com). Thank you for continuing to trust us with the care of your loved one.

Stay well,

Peggy Bellin  
Vice President Health and Support Services
