

November 12, 2020

Dear Families,

Last week there were three additional staff Covid positive tests in the health center. In total, five staff members on the Evergreen campus have tested positive for COVID-19 in the last week. We continue to follow guidance issued by public health and the CDC to safely manage the situation which includes regular, ongoing testing. Individuals who have come into contact with a person who tested positive have been notified.

Ongoing resident testing will continue every three days or as symptoms arise per state guidelines. Last week there was one positive case of COVID-19 among our residents in the Health Center. The resident had been in isolation and extra precautions were already in place prior to their positive test result.

For more information regarding Evergreen's COVID-19 response, please visit our website at [www.EvergreenOshkosh.com](http://www.EvergreenOshkosh.com). Thank you for continuing to trust us with the care of your loved one.

Stay well,

Peggy Bellin  
Vice President Health and Support Services
