

November 5, 2020

Dear Families,

Last week there was one additional COVID-19 positive test in the health center. In total, five staff members on the Evergreen campus have tested positive for COVID-19 in the last week. We continue to follow guidance issued by public health and the CDC to safely manage the situation. Individuals who have come into contact with a person who tested positive have been notified. Staff will continue to complete symptom screening before each shift and we are following state guidance for on-going testing. Visitation remains suspended.

Ongoing resident testing will continue if symptoms arise or per state guidelines; there are no known cases of COVID-19 among our residents in the Health Center at this time.

For more information regarding Evergreen's COVID-19 response, please visit our website at [www.EvergreenOshkosh.com](http://www.EvergreenOshkosh.com). Thank you for continuing to trust us with the care of your loved one.

Stay well,

Peggy Bellin  
Vice President Health and Support Services
