

January 7, 2021

Dear Families,

Last week there was one staff member in the Health Center who tested positive for COVID-19. We are also currently caring for two residents who are positive. Individuals who have come into contact with a person who tested positive have been notified.

The second Moderna vaccine will be administered January 25th. Please let us know if you have any questions. All COVID-19 precautions including masking, social distancing and hand hygiene will continue based on guidance from Public Health and the Centers for Medicare and Medicaid Services (CMS).

We continue to be grateful for your support. Please check our website at www.EvergreenOshkosh.com for ongoing updates.

Stay well,

Peggy Bellin
Vice President Health and Support Services
