

June 16, 2021

Dear Families,

No staff members or residents in long-term care tested positive for COVID-19 since our last letter.

Please share this important visitation information with family and friends who may plan a visit to Evergreen. It is vital that we continue to follow federal and state guidance and comply with all regulations. Health center requirements are different than community recommendations. This includes wearing a mask, social distancing and handwashing.

Please remember the following when visiting your loved one:

- Visitors are still required to screen at the kiosk at door 4
- Visits must take place in resident rooms or outside, not in common areas
- **Two** people are allowed to visit at a time
- Residents must wear masks when out of their rooms
- The GardenSide Restaurant and Pub 67 remain closed to health center residents

As always, we are grateful for your patience and support. Please check our website at [www.EvergreenOshkosh.com](http://www.EvergreenOshkosh.com) for ongoing updates.

Stay well,

Peggy Bellin  
Vice President Health and Support Services
