

Dear Families,

No staff members or residents in long-term care tested positive for COVID-19 last week.

Summer weather is here and we encourage you to visit with your loved ones outside and enjoy our beautiful courtyards and gardens. Please be mindful of the heat and sun – apply sunscreen, wear hats and ensure access to water.

Please remember the following when visiting your loved one:

- Visitors are still required to screen at the kiosk at door 4
- Visits must take place in resident rooms or outside
- Two people will be allowed to visit at a time

Visitation status is subject to change based on the county positivity rate and COVID-19 status in the facility and we continue to follow CDC recommendations for protecting our residents. As always, we are grateful for your patience and support. Please check our website at www.EvergreenOshkosh.com for ongoing updates.

Stay well,

Peggy Bellin
Vice President Health and Support Services
