

## September Events in the Arline L. Sitter Worship & Performing Arts Center

### **Tuesday, the 5th @ 3:00pm Digital Presentation: Margaret Thatcher: Britain's Iron Lady**

Margaret Thatcher was not the kind of person who becomes a Conservative prime minister. She was a grocer's daughter from the insignificant town of Grantham, yet she rose to dominate the political life of a generation. In office from 1979 to 1991, she reversed the long decline of Britain that for three decades had seemed inevitable. Others feel quite differently. Beloved by President Reagan, hated by the British left, she intimidated most members even of her own party, and was more widely admired than liked. Britain today continues to bear the stamp of her work for good and ill.

**Thursday, the 14th @ 6:30pm Shari Sarazin Harp Concert** Inspired by her Irish heritage, Shari pursued her childhood dream of playing the harp. She cherishes every opportunity to rest the graceful instrument on her shoulder and to let it sing! From ancient Celtic melodies to contemporary originals coupled with her unique vocals, Shari offers an enjoyable musical experience for listeners of every age.

**Tuesday, the 19th @ 3:00 pm Movie: Remember the Titans** Based on the true story of coach Herman Boone, portrayed by Denzel Washington, and his attempt to integrate the T. C. Williams High School football team in Alexandria, Virginia, in 1971.

In Virginia, high school football is a way of life, an institution revered, each game celebrated more lavishly than Christmas, each playoff distinguished more grandly than any national holiday. And with such recognition, comes powerful emotions. In 1971 high school football was everything to the people of Alexandria. But when the local school board was forced to integrate an all black school with an all white school, the very foundation of football's great tradition was put to the test.

**Friday, the 22nd @ 3:30pm Digital Presentation—1968: The Extraordinary Events of a Memorable Year** 1968 was like an electrical storm that hit our country, one that hot-wired every interaction, conversation, and event. And it put a charge in the emerging culture war that would define American politics and culture for decades to come. To understand the Sixties generation — and who we are as a nation — it is essential to journey through 1968 and see how that seminal year shaped and influenced our history.
