Thursday, October 16th at 7pm Performance by Franki Moscato Franki Moscato, a young singer-songwriter, captivates audiences with solo concerts where she performs with only her microphone and piano. Her heartfelt, inspirational songs leave listeners in awe, struck by both her talent and authenticity.

Friday, October 17th at 3pm Digital Presentation: Journalism from the American Revolution to the Digital Revolution This digital presentation traces the fascinating evolution of American media. From America's founding, the press transformed from a censored trade into a lively arena for political debate, where activists sparred through partisan newspapers and pamphlets. Over time, these small publications grew into mass media powerhouses across newspapers, magazines, radio, and television, adopting "objectivity" to broaden their appeal. The internet, however, disrupted this model, fracturing audiences and allowing people to curate news that aligns with their own political views.
