

August Events in the Arline L. Sitter Worship & Performing Arts Center

Monday, August 10 at 3pm Digital Presentation: 1841- The Year of Three Presidents

In 1841, there were three men in the White House: Martin Van Buren, who left office; William Henry Harrison, who died shortly after taking office; and John Tyler, who had been Harrison's vice president. Some of the major political events of this time will sound quite familiar to contemporary Americans, such as a disputed election, a last-minute Supreme Court appointment, and a party divided between different leaders. In addition to the parallels between 1841 and contemporary American politics, Professor Bolt will discuss how a major political party, the Whigs, went from the dominant political party in America to a party that found itself on the road to extinction.

Monday, August 31 at 3pm Digital Presentation: King Arthur

Was there really a King Arthur? What about Lancelot, Guinevere, and the Knights of the Round Table? Arthur's legend began in Wales after the Roman Empire withdrew from Britain and was later popularized by Geoffrey of Monmouth in the 12th century, who blended history and myth to create a compelling story. As these tales spread across Europe through French translations and troubadours, they became some of the most influential stories of chivalry, adventure, and heroism. Join us for this digital presentation as we explore the historical roots of the Arthurian legends, the mystery of the Holy Grail, and the enduring appeal of these stories in literature, theater, film, and popular culture.
